Summary

Myself Summar Kumar, a computer science engineering student, and a web developer. I possess expertise in HTML, CSS, and C++ programming languages. My understanding of Data Structures and Algorithms has helped me develop critical problem-solving skills essential for software development. As a web developer, I have honed my expertise in HTML and CSS, which are essential components of building websites. I am constantly learning and updating my knowledge and skills to stay current with the latest trends in web development. Overall, my proficiency in web development and software engineering makes me a valuable asset in the field of computer science.
